WORK WEAKENS THE KIDNEYS

Doan's Kidney Pills Have Done Great Service for the People Who Work in Redwood City.

Most Redwood people work every day in some strained, unnatual position--bending constantly over a desk, riding on jolting wagons or cars, doing laborious housework; lifting, reaching or pulling, or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisous from the blood. Doan's Kidney Pills cure sick kidneys, put new strength in bad backs.

James E. Brown, contracting painter of No. 17 Capp street, San Francisco, says: "A man at my occupation required a good sound back. If that part of his anatomy is weak, lame or aches every move of the brush brings torture. Besides, the ingredients used in my calling act directly on the kidneys and aggravate those organs. The first box of Doan's Kidney Pills brought me such relief that I bought several more and continued the treatment until the trouble disappeared."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name--Doan's, and take no other.

An Unwarranted Attack

The daily Call in its issue of Tuesday did a great injustice to the members of the Board of Supervi ors of this county. There is not a word of truth in the article. The board was flayed because it saw fit to close a portion of the Whipple road in the Second township at the request of William J Dingee and other property owners who had petitioned the board for that purpose. For the portion of the road that was closed Mr. Dingee gave more than two miles of a turnpiked road with a better grade than the old one. It was simply a business proposition. No one was seriously injured by abandoning the old road. Three or four disgruntled property-owners protested and made improper accusations and questioned the motives of the members. The Call has evidently taken their side of the controversy. It is well known that the Call and Mr. Dingee are enemies, and the former to get a slap at the latter saw fit to do it through the Board of Supervisors of this county. Any one who followed the proceedings in this matter can see at once that the board acted right and honestly. Mr. Dingee has also acted fairly and honestly by the county. Mr. Dingee since coming to this locality has spent goodly sums of money here and has done much towards the upbuilding of the community. It is to be regretted that we have not more men in the county like him.

Sues for Rent Due

W. A. Moore. guardian of Thomas Moore, an incompetent person, has commenced an action against M. E. Grover and E. W. Grover in the superior court to recover the sum of $1079.35 and costs. The amount became due on July first for the rental of a ranch in this county and farmed by defnedants.

It is rumored that the time card to be put into effect on the Southern Pacific peninsula lines when the new cut-off is opened will provide for local trains leaving San Francisco every thirty minutes between 6 o'clock a. m. and 6 o'clock p m. daily. The time will be one hour between San Francisco and San Jose; that would make it about thirty minutes to Redwood.

T. B. Martin, of Galesburg, Illinois, and Frank Martin, of Omaha, Nebraska, the father and brother of W. Martin, of South City, arrived at the latter place and will spend several days visiting that locality. The two gentlemen have been sojourning at Yellowstone Park for several weeks past.

There will be a special election at San Bruno Park on Wednesday, the 7th of August, at which will be submitted the question of voting a tax to furnish funds for additional school facilities for that district. The tax is for a good purpose and should be carried by a large vote.

For Sale—Wagonette for eight persons. Elegant 4 spring double phaeton. Billiard Table 4½x8½. All in first class condition. Apply to C. R. Spilvalo, Belmont 7-16-1m

In the District Court of the United States in and for the Northern District of California.

In THE MATTER OF JAMES R. HOLMES Bankrupt.

Take notice, that James R. Holmes Bankrupt above named, has been duly adjudicated a bankrupt under the Act of Congress of July 1, 1898, and that the first meeting of creditors has been called to meet at the office of the District Attorney, Lipp Building, in Redwood City, California, on Friday the 9th day of August 1907, at the hour of 10 o'clock a. m., for the purpose of proving their claims against the estate of said bankrupt, and examining said bankrupt; and that at the same time and place all creditors whose cliams have been duly proven and allowed shall appoint one or three trustees of said estate.

GUN WENT OFF UNEXPECTED

Pierre Cassau, Laundry Proprietor, Dies as Result of Accident

Pierre Cassau, 40 years of age, and proprietor of the White House French Laundry of San Francisco was fatally injured by the accidental discharge of his gun, on Sunday last, near King's Mountain Brow House. He died several hours later in this city where he had been brought. Cassau and his son a boy of 11 years, with Frank Larrouy of this place were in a buggy returning from hunting. Cassau and Larrouy occupied the seat, the latter driving, with the boy in front of his father, at the bottom of the rig. Cassau placed the gun, butt down, between his legs, and placing his hands over the muzzle rested his chin upon them. How the gun was exploded is unknown but the charge passed through his hands and entering the head carried away the right side, exposing the brain. A number of people at the King place saw the accident and some of them drove to Woodside and summoned medical assistance. The unfortunate man was given attention and then brought here where Drs. Ross and Barrett did all possible to relieve him but he died at 3 o'clock Monday morning. The body was placed in Jas. Crowe's receiving parlors until the afternoon, when it was taken to San Francisco for burial.

Cassau was a native of St. Vincent, France, and leaves a wife and son. He was a member of Franco-American lodge, I. O. O. F. and of the Society de Henri IV.

The Frank Cooley Company will give a matinee this afternoon. "The Little Indian Boy" will be presented. In the evening "A Deserted Bride" will be played.

Sealed proposals or bids are hereby invited for the purchase of said property, which said proposals and bids will be received up to the hour of 10 o'clock a. m. of MONDAY, the second day of September, 1907. Crowding the Young Idea.

"Children, like trees, need plenty of air about their roots," says a writer in the Boston Transcript, discussing the evil of mammoth public schools in large cities. Within recent years educational reformers have pointed out that the classes in the city schools are too large for one teacher. This evil is an outcome of the mammoth school building, in which are herded several thousand little ones. To quote from the Transcript:

> For the last twenty-five years we have been building them bigger and bigger. Long ago a school building that would accommodate 500 pupils was a wonder. Now it is an insignificant affair. We aim at crowding 2,000 and 3,000 little tots together into the same building, which is, in consequence, just so much farther from their homes, besides increasing all the other difficulties.
>
> The big school is the very breeding place of machine methods and red tape. It can handle its numbers in no other way than by fixed rules that are fatal to high educational ideals. The mere physical effects of the conglomeration are serious. Children, like trees, need plenty of air about their roots. Life six hours a day and five days a week in a building inhabited by several thousand other children and occupying a bare quarter of an acre of ground is opposed to good hygiene.

Morally, too, the system has its drawbacks. The neighborhood school is commended by the writer as a gain for education and from a social point of view.

An Experiment In Colonizing.

Greece is overrun with refugees, who flee from their homes and lands in the contiguous states of Roumelia, Bulgaria, Roumania and the Caucasus. These refugees land in Athens and other ports so poor that the Greek government is compelled out of humanity to shelter and feed them. Every steamer which lands passengers in Greece brings a fresh contingent, and the Greek government has hit upon a plan to make permanent citizens of the aliens and put them on their feet as producers.

In order to encourage industry and thrift the Greek government has arranged to give land to the refugees, together with means to build and work the soil. Mechanics and tradesmen will be helped to open stores or shops, and there will be grants for churches, schools and public pasturage, in fact the whole equipment of a peasant colony. A bank founded by the government will handle the financial end of the scheme, the refugees paying in annually a sum which will wipe out their debt in thirty years. The bank will be under the control of the Greek minister of finance, thus enabling the government to insure justice to all concerned. In this way it is believed that large areas of abandoned lands in Greece may be made productive and the wealth of the nation increased.

Old stagers who suavely advise others to stick to the simple life on outing vacations are usually experts on quick cures for "the morning after" sensation.

Even Shakespeare furnishes a motto for the badge of the antikissing brigade—"Take, oh, take those lips away!"—"Measure For Measure."

As for Dr. Clemens, we don't know the man Clemens, and as for "Dr." Mark Twain, we know Twain, but not the doctor.

England remains friendly and obliging in spite of the persistent American habit of celebrating the Fourth of July.

The Japanese Bogy.

If General Kuroki used his wits while seeing the sights in this country, as a soldier should, he must have gone away convinced that America is not another Russia or China as a war proposition to go up against. True, our army and our forts are not in evidence like those of the great military powers of Europe. We do not show up in an advanced state of preparedness. An army dropping down some fine morning from the clouds could play havoc in our big cities. And it must be admitted that just at present, with our warships chiefly absent from the waters of the Pacific, Japan could gobble up the Philippines and Hawaii and even drop a few shells on the Pacific coast. But with all our outlying possessions gone and the cities of our Pacific coast helpless under Togo's guns, nothing vital to the nation's power would be touched.

This country is by no manner of means in the plight of Russia in 1904. Russia was then straining herself to prosecute her enterprises in the far east, to keep order at home and to maintain her financial credit. She was not prepared for war, yet at the end of two years Japan found that she had only made a bite at the huge contract of whipping Russia. In spite of her enormous losses Russia grew stronger as the war progressed and Japan had her limits of growth. Much more would this country develop fighting strength if involved in a war with Japan. Social and political discontent in this country bears no comparison with that in Russia. We have the money and we have the men—easily 10,000,000 citizens capable of bearing arms. We could play a waiting game and let the Japanese exhaust themselves in those dashes which are their strong point, but would be out of place and fatal in a mighty conflict of the kind we could maintain. Japan has half the world hypnotized into the belief that she is invincible. Her own people think so. They want to be in the limelight as the nation which does things. But when it comes to fighting the United States the Elder Statesmen, unless they are coerced by an irresponsible rabble, will be apt to think twice and then not do it.

Bumper Crops.

Gamblers in futures are the only ones who become really excited over the prospects of short crops. The men who raise crops and have their all tied up in the business know very well that bumper yields cannot be expected year after year. It goes without saying that practical men look to averages, and men who till the soil are wise to the fact that nature has her limits. In truth, overproduction is not good for anybody.

A phenomenal crop of one kind means waste in the end for some one, and naturally there will be a shortage in another direction. Perhaps we cannot have really too much cotton or wheat or corn. But if a surplus of one product must mean a dearth of another it is a clear case of too much of a good thing. Consumers should pay high prices willingly when they know that prices even up about the same, the high prices only balancing the low.

Doubts have been expressed whether Israel Putnam ever visited the building in Greenwich which is now preserved as a memorial by a local patriotic society; whether he actually used a razor which was picked up near the scene of his famous exploit and also whether in descending the hill which now bears his name he rode down a flight of steps. One way to settle these vexing questions would be to banish "Old Put" from American annals and be done with him.

General O. O. Howard answers the charge, freshly repeated in Carl Schurz's reminiscences, that he was in large measure responsible for the defeat at Chancellorsville by vaulting over the heads of his critics. "The whole blame for our defeat is to be borne by General Stonewall Jackson," says General Howard gallantly.

The president declared that Jack London is a careless writer. Mr. London retorted that the president is a careless reader. The public, having witnessed the delivery of these cruel blows, will now pray for peace.

The stern arraignment of speculation emanating from the White House fails to put a damper on speculation as to who shall occupy that citadel after 1908.

Every patriotic American who is up on history will rejoice over the fact that Fort McHenry, at Baltimore, will not be abandoned as an army post. The star spangled banner will continue to wave by government orders over the ancient ramparts where "by the dawn's early light" it was seen with such effect in 1814.

SUPERVISORS IN SESSION

BUSINESS TRANSACTED AT THE LAST MEETING

The board of Supervisors met Monday All the members were present.

This being the day heretofore set apart for the hearing and consideration of the petition of W. J. Dingee and others tax payers of the second Road District of the county of San Mateo for the abandonment, discontinuance and closing of a certain portion of the county road known as and called "Whipple Road" the chairman announced that such business was now in order.

The affidavit of Paul Pinckney, printer and publisher of the San Mateo Times, showing due publication in said newspaper in five consecutive issues, to-wit, on the 22nd and 29th days of June and on the 6th, 13th and 20th days of July 1907, of a notice in re the abandonment, closing and discontinuing of that certain portion of above named road and it appearing that said notice has been published for the period and in the manner provided by law. It is ordered that said notice has been published for the period and in the manner provided by law.

C. H. Westfall, A. M. Robertson, E. Marschand, N. J. Brittan and Conrad Bontz addressed the board and objected to the closing of that portion of the Whipple Road above referred to on the ground that the road proposed to be closed is much better for the public than the proposed new road; that said proposed new road at points is dangerous, the grade heavy, and not properly drained.

Mr. Cameron addressed the board and spoke in favor of the proposed change, and John Douglass was called, sworn and testified that in his opinion as an expert road builder, the proposed new road was in many ways far superior to the present road.

Conrad Bonz objected and protested to any action being taken at this time by the board, he contending that the proper legal steps had not been taken as, for instance, the appointing of three viewers.

District Attorney Bullock stated tha in his opinion the matter of the proposed change was entirely in the hands of the board and that all legal steps had been taken; whereupon MacBain stated that he was in favor of making the proposed change and requested that Mr. Cameron agree to widen a certain sharp turn, to gravel the adobe strip and to put in culverts where necessary, this work to be done to the satisfaction of the Supervisor from the Second District; also that he permit said old road to be used by the public until such time as travel might be diverted to the new road.

Mr. Cmeron agreed to the same.

Whereupon MacBain introduced the following resolution and moved its adoption seconded by Eikerenkotter.

Whereas W. J. Dingee, a freeholder and ta payer in the Second Road District of the County of San Mateo, and more than fifteen other freeholders mand tax payers of said District and all of whom own property which is taxable therein for road purposes, and of whom more than fifteen reside in said District, did on the 27th day of June, 1907, file with this Board their petition praying that a certain portion of what is known as and called the "Whipple Road" as in said petition particularly descried, be abandoned, discontinued and closed as unnecessary and of no use for reasons in said petition stated and set forth. and

Whereas this Board thereupon directed notice to be published by the Clerk of this Board that said petition would be heard on the twenty-second day of July 1907, and directing all persons objecting to the abandonment discontinuance and closing of said portion of said road to appear at said time and that they would be heard at said meeting, and said matter coming on this day to be heard before this Board, and it appearing to this Board that said Notice was duly printed and published in the San Mateo Times, a newspaper printed and published in said County of San Mateo as directed by said order and in accordance with law, as will more fully appear herein, and

Whereas testimony was taken in open session of this Board, and it appearing to the Board that all statements contained in said petition are true and that the prayer thereof should be granted,

Now Therefore it is hereby ordered that that certain portion of said Whipple Road begining at the point where the Westerly line of the Las Pulgas Road intersects the Southerly line of the said Whipple Road, said point being distant 77.68 chains South westerly from the Westerly line of the San Jose and San Francisco County Road, and running thence from said point of commencement in a Southwesterly direction along said Whipple Road its full width 17.96 chains, more or less, to the center of said Whipple Road at the point where the same turns, South 74 degrees East 7.29 chains; thence South 77¾ East 8.08 chains; North 80 degrees 50 minutes East 3.96 chains; North 28 degrees 35 minutes East 7.22 chains North 11 degrees 05 minutes East 13.53 chains; North 27 degrees 05 minptes East 6.47 chains; North 70 degrees East 5.90 chains; North 75 degrees 50 minutes East 7.50 chains; North 82 degrees 40 minutes East 8 chains; South 56 degrees 25 minutes East 33.02 chains; South 88 degrees 25 minutes East 3.78 chains; South 766 degrees 40 minutes East 5.-94 chains; North 67½ degrees East 5.01 chains; South 53 degrees East 3.54 chains; South 87 degrees 50 minutes East 3.92 chains, and South 63 degrees 35 minutes East 8.21 chains to a bridge, and which said above densribed portion of said Whipple Road is situate in the Second Road District of said County of San Mateo, State of California, be abandoned, discontinued and closed as unnecessary and of no use to the pulic, and any and all right of the said County of San Mateo therein, be, and the same is hereby released and waived.

Said resolution was thereupon declared passed and adopted.

Mr. Cameron thereupon presented a deed of Easement from W. J. Dingee to the county of San Mateo for the new road above referred to; whereupon it was ordered that said deed be received and accepted on and in behalf of the county of San Mateo.

There being no further business the board adjourned to meet July 29.

STONE-THROWERS ARE SET FREE

And Bathers Arrested on Charge of Indecent Exposure

The charge brought against the Menlo people by W.G.Macdonald, the would-be real estate agent of Palo Alto, and student, was very quickly dispesed of in Judge Charles' court in Palo Alto by dismissing the charges Monday. The controversy arose on the Fourth of July and several Menlo people were quietly enjoying the day on the banks of the San Francisquito Creek. Everything went well until about 2:30 p. m. when Macdonald and Geo. Schultz appeared on the scene. They unrobed and in their nude state took a plung into the water. They were requested by some of the men folks to use bathing suits or vacate the swimming hole. This they refused to do but instead told the picnicers to leave if they didn't like their style, etc. A little trouble followed in which Macdonald and Schultz were immediately requested to dress and soon they left the scene. Both Macdonald and Schultz are now under arrest on a charge of indecent exposrre. A warrant was sworn to Monday afternoon by G. F. Gilcrest in Judge Hannon's court.

They were brought into court and after putting up a cash bond were arraigned to appear Monday, July 29 at 10 o'clock a. m. to explain why such immoral conduct should be allowed on the beautiful shady San Francisquito Creek.

This should be a lesson to all young men who are so degraded and immoral and destitute of that higher attainment to procure bathing suits when they desire to plunge into the water of the public creeksof this state Women and children have an equal right to spend their outings along the banks of the streams of this state without being humiliated by the sight of such immoral mortals as was witnessed by the picnickers on the San Francisquito Creek on July Fourth. The people of Palo Alto have for some unknown reason espoused the cause of the students and yet many of them would stand for decency and respectability. Can it be that they will approve the conduct of men who will expose themselves as these bathers did? It is claimed that Stanford University is back of the whole affair but it is hardly fair for that institution to believe it.

He graduated from the Belmont military academy and later entered the University of California, where he was an active and popular undergraduate. In the local preparatory school and at Berkeley his rank was exceptional and his success in the examinations was expected by his former tutors.

King received his diploma from the local institution in 1905 and was sophomore in the University of California when he took his Annapolis examinations. While at Berkeley he was a member of the Zeta Psi fraternity and a football player of considerable ability.

Ball Convicted

John Ball was found guilty by a jury in Judge Buck's court last Wednesday of a felonous assault upon Fannie Moniz committed last February at the packing house at South San Francisco. The evidence was very strong against Ball. It was shown that he assaulted her five diifferent times. The girl was a little over fifteen years when the crime was commited. She is mentally weak and this makes the crime all the more revolting. Ball, who is about thirty six years old was head of the ham department at the packing house. He has a wife and infant child. The prisoner, who was represented by J. H. Greely put up a very poor defense. He denied ever making the assault but hinted that it was done by others. Horton Galvanized Rotary
The Washer Made for This Climate

A Wonderful High-Speed Washer

By all means take a look at the Horton Galvanized Rotary Washer the next time you are anywhere near a hardware or general store. It will give you new light on the wash-day problem.

Here's a washer that washes clothes clean in minutes where it would take hours in the old way, and it is geared up so that you can turn the handle slowly and easily while the suds are being forced through the clothes at top speed. After seeing the HORTON you will realize how much you didn't know about washing the dirt out of clothes without wearing yourself out. Ask the dealer to show you the

and don't decide the washing-machine question until you have seen this high-speed washer. In addition to all its other advantages, it is the washer with the galvanized tub; light and easy to handle; tub can't dry out, leak or "fall down" the way old-fashioned wash tubs and washing machines did. Easily kept clean, too, and—but just.

Ask the dealer to show you.

DEATH OF O. A. HALE.

O. A. Hale one of the most prominent business men of the state, died in San Francisco on Saturday last, following an operation for appendicitis. He was one of the firm of Hale Brothers, dry goods dealers, which had stores in several of the largest cities of the state. His residence was in San Jose and he was unquestionably Santa Clara county's most prominent merchant and business man. He was president of the San Jose Interurban system of railways which traverse much of the foothill country and a branch of which system will pass through this city. He was prominent as a banker and promoter and was a man respected by all. His departure will be deeply regretted.

Rev. David M. Crabtree and wife arrived in San Francisco, on the steamer San Jose, having made the trip from New York via Panama. Mr. Crabtree was for several months assistant rector of St. Margaret's Episcopal church, Washington, D. C. They will remain in California for some time, and for the next few weeks will be at the home of Mrs. J. B. Schroeder near this city.

A letter from Chase Littlejohn states that he is at Hosmer, Alaska. The expedition has been successful in making a valuable collection of birds, curios and small anials but have been unable to get any bear or other large specimens. Mr. Littlejohn expects to be home by the middle of September.

J. C. Henning who until the close of the last school year was an instructor in the high school, has secured a position in the civil engineering department of the Southern Pacific Company. Mr. Henning is a graduated civil engineer from Berkeley and has taught the science for fourteen years. His many friends in Redwood hope for his success in his new vocation.

The Will Crockers are erecting a mansion on their estate back of Burlingame. The buildings will cost in the neighborhood of $100,000, and the exterior will be plaster and brick. Mahoney Brothers of San Francisco are the contractors and L. P. Hobart is the architect.

Constable Carroll's little son Clyde, of South City, who injured his collar bone several days ago from falling out of a buggy, is getting along nicely and on the rapid road to recovery.

A special election will be held today in South City for the purpose of giving the residents of that place an opportunity of voting for a tax to raise funds to improve their fire department.

M. F. Brown and family left on the steamer Sonoma last Saturday for Seattle, where Mrs. Brown and daughter will remain while Mr. Brown will go as far northward as Juneau and Sitka, Alaska.

Wellington Gregg, cashier of the Crocker Bank, has purchased the Brewer residence in El Cerrito for $25,000. Mr. Gregg has also purchased a villa site at Burlingame and will commence the erection of a handsome mansion at an early date.

A bus-load of hoodlums from San Francisco disturbed the peace and quietude of San Mateo on Sunday. Numerous fistic encounters were engaged in and the air was redolent with vile language. An officer compelled the offenders to move out of town.

Mrs. J. H. Doane, of Burlingame, left Saturday for Lakeside Inn, Lake Tahoe, where she will spend a few days. The resort is popular with San Mateo people. At the present time the Kimballs and the Roedels are stopping there.

San Mateo was represented by two former residents on the wrecked Columbia, and fortunately both were among those saved. They were Jas. Byrnes, the purser, and son of Mrs. Margaret Byrnes, and Ernest Ross, brother of John W. Ross, the plumber Both telegraphed their relatives of their escape.

The announcement is made of the engagement of Miss Christine Judah to Harold Heffron. Miss Judah is the daughter of Mr. and Mrs. H. R. Judah and formerly resided in San Mateo. Mr. Heffron is from the East and is a student in the civil engineering department of Stanford University.

The new automobile boulevard which is now being built through San Mateo county, when completed will be a good piece of work, and will be a popular one for autos and light vehicles. After leaving Colma the route will follow along the base of the hills back of the cemeteries until it strikes Chestnut avenue in South City, where it continues along that avenue to Grand avenue, along which it goes until it reaches San Bruno Avenue, where it turns to the south and continues along that avenue down through the county.
